

# School Photo Upload

## Instructions:

The Princeton Review is now able to display photos of your school on your school profile web page. Just follow these **three easy steps**.

**STEP 1:** Check the photos you want to upload to make sure they match the below specifications. If not, use an imaging program, like Adobe Photoshop or Windows Imaging, to re-save your photos in the right format.

Photos must be:

- .jpg
- 90 pixels high x 125 pixels wide
- Less than 20kb

**STEP 2:** Browse for the photo on your computer, using the Browse button. Locate the photo on your computer, and press "Select". The photo name will show up in the box next to the Browse button. Check the file name that shows up to make sure you chose the correct photo. The photo, as it will appear on our website, will preview on the screen in the Preview box.

**STEP 3:** Click Upload to enter the photo into our system. The system will check your photo for the specifications, and reject any photos that do not conform to the requirements outlined above. You will receive a prompt to edit the image and re-submit it. If the image is accepted, the file name will show up in the Your Photos box on the right-side hand of the page.

**To remove photos:** choose the file name for the photo you want to remove in the Your Photos box and click the "remove" button below the box. The file will be deleted from our system, and the file name will disappear from the screen.

**To add photos:** continue browsing and uploading pictures following the above directions. Schools who are not clients of The Princeton Review can upload up to 3 photos.

*Photos will appear on the Princeton Review website 48 hours after submission.*

## Upload School Photos

Be sure to save your pictures using the SUBMIT SURVEY button at the end of the page. If you do not hit the save button your pictures will NOT show on PrincetonReview.com.

## Review Data Set Form D: Majors (2011-2012) (2011-2012)

[Instructions and Help](#) [Glossary of Terms](#)

### Major Series

We have updated a list of Majors for 2011-2012 to comply with the most recent Classification of Instructional Programs (CIP) from 2010. The CIP is divided into three levels: Series, Programs, and Majors. Due to an increase in requests from students to be as specific as possible, we have expanded our data collection to include all three levels. The CIP codes are used only for storage purposes, and only the names of the selected majors will appear on [www.princetonreview.com](http://www.princetonreview.com) or in our publications.

Please select all undergraduate majors offered at your institution by following this simple 3 step process:

**STEP 1:** Select the majors your institution offers from the "All Majors" list and click the "Add Majors" button that appears below the list. To remove a major, select the major from the "Your Majors" list and click the "Remove Majors" button

**STEP 2:** From among the list of majors you offer, select the three most popular majors by clicking on the major name and clicking the "Add Popular Major" button. To remove, click the "Remove Popular Major" button.

Or, select majors by series, using checkboxes, by clicking [here](#)

Please note: Be sure to save your changes periodically using the Save button at the bottom of this form. Please note switching between forms without saving your work might result in changes being lost. Also note -- this system works best in Firefox, if possible please use this browser.

**Fire Safety**

*Information provided should be for the latest 12 month period for which data is available*

<p>1. What percentage of your student housing sleeping rooms are protected by an automatic fire sprinkler system with a fire sprinkler head located in the individual sleeping rooms?</p> <p>NOTE: A student housing sleeping room is defined as the actual room in which the occupants live and sleep.</p> <p>Student housing can include typical residence halls, graduate student housing, married student housing or any housing that is under the control or affiliated with the school, such as private, third-party residence halls built under contract with the school. This does not include Greek housing.</p>	%
<p>2. What percentage of your student housing sleeping rooms are equipped with a smoke detector that is connected to a supervised fire alarm system?</p> <p>NOTE: When the smoke alarm/detector is activated it must transmit a signal to a supervised location, initiating an immediate response by a staff member to investigate. This alarm does not necessarily activate the building fire alarm system.</p>	%
<p>3. How many malicious fire alarms occur in student housing per year?</p> <p>NOTE: A malicious fire alarm would be defined as one where a building's fire alarm system is activated even though it is known that there is no emergency condition. For example, someone blows smoke into a smoke detector or a manual pull station is activated.</p>	
<p>4. How many unwanted fire alarms occur in student housing per year?</p> <p>NOTE: An unwanted fire alarm would be defined as one where a building's fire alarm system is activated by non-emergency conditions, yet the fire alarm system responds appropriately to stimuli that it interprets as a fire condition. For example, a smoke alarm that is located too close to a shower and is activated by steam, or is adjacent to a cooking area.</p>	
<p>5. What percentage of student housing building fire alarm systems, if activated, result in a signal being transmitted to a monitored location, and security investigates before notifying the fire department?</p>	%
<p>6. What percentage of student housing building fire alarm systems, if activated, result in a signal being transmitted immediately to the fire department so they can begin responding?</p>	%
<p>7. How many students are trained in fire safety in campus provided housing each semester?</p>	

<p>8. What percentage of RAs and housing directors receive fire safety training?</p> <p>NOTE: For purposes of this question, housing staff will include only personnel such as resident assistants and/or resident directors who live in student housing.</p>	
<p>9. How many contact hours of fire safety training is provided to students not living in student housing (i.e., off-campus, including Greek)?</p> <p>NOTE: This will not include fire safety training provided to specialties such as laboratory assistants. This must be actual training with contact time and not include simply handing out brochures, fire safety articles in the student newspaper, etc. An example of contact hours would include fire extinguisher training that is provided to 30 students in one hour which would equal 30 contact hours.</p>	
<p>10. How many regularly scheduled, supervised exit drills are held per year in student housing?</p>	
<p>11. How many fires did your school experience last year in student housing?</p> <p>NOTE: A fire must result in damage to the structure or contents.</p>	
<p>12. What is the dollar loss related to fire that has occurred on your campus in residential housing?</p> <p>NOTE: Dollar loss is direct property damage to the structure and contents and does not include costs such as alternative housing, staff response, etc</p>	
<p>13. How many students have been injured by fires in student housing?</p>	
<p>14. How many students have been killed by fires in student housing?</p>	
<p>15. Does your school ban any of the following items or activities in student housing sleeping rooms?</p> <p>NOTE: The "cooking" option excludes cooking done with school-approved/ supplied appliances or in school-approved areas, such as kitchens.</p>	<ul style="list-style-type: none"> <li>candles</li> <li>halogen lamps</li> <li>smoking</li> <li>cooking</li> <li>live christmas trees</li> <li>ceiling tapestries</li> <li>Other (please specify)</li> </ul>
<p>If you selected Other please specify:</p>	

16. Does your school require fire-resistance ratings on furniture (including, but not limited to, beds, mattresses, desks, and chairs) in student housing sleeping rooms?

Yes No

17. Does your school require that furnishings brought in by the students have fire-resistance ratings?

Yes No

18. How often are fire safety rules-compliance inspections conducted in your school's student housing?

NOTE: This refers to regularly scheduled, in-room inspections conducted by an inspector or trained individual who is knowledgeable about fire safety issues. It does not refer to a security officer making regular rounds. ALL of the rooms must be inspected during these inspections and checked for hazards.
