N: Programs/Services for Learning Disabled Students ([edit](#))

Please modify this section to represent the data for Fall 2011:

Information shown for Fall: 2011

According to the National Joint Committee on Learning Disabilities, learning disabilities is a "general term that refers to a heterogenous group of disorders manifested by significant difficulties in the acquisition and use of listening, speaking, reading, writing, reasoning, or mathematical abilities." A learning disability is presumably due to central nervous system dysfunction, and is not primarily due to other handicapping conditions, environmental, or cultural influences. It is not a form of mental retardation, or an emotional disorder.

Kenyon College, among the nation's finest liberal-arts institutions, takes pride in exceptionally strong programs in English (Kenyon is the home of the internationally known Kenyon Review), the sciences, and drama. Student-faculty interaction, both in and out of the classroom, and community involvement are hallmarks of the Kenyon experience. Kenyon students, who come from all 50 states and many countries, enjoy an active extracurricular life, with more than 140 student organizations. Kenyon teams compete in 9 varsity sports each, for men and women, and the swimming and diving teams are renowned for their record-breaking number of national championships. The Kenyon campus is noted for its beauty and the quality of its facilities, including a recently-built art gallery, music building, \$32-million science center, \$70-million fitness/recreation/athletic center, and new studio art building under construction. Kenyon College is a close-knit community of talented students and outstanding teachers. Kenyon's reputation rests on a tradition of academic rigor and creative achievement, but its essence lies in the way personal contact shapes daily experience on its historic and scenic campus. Students know professors as teachers, advisers, collaborators, and friends, while professors know students as individuals--their strengths, aspirations, and potential for success.
