- Students who did not receive either a Pell Grant or a subsidized Stafford Loan

Students who received both a Pell Grant and a subsidized Stafford Loan should be reported in the "Recipients of a Federal Pell Grant" column.

For the two graduation rate grids, the sum of the three columns in each line of the income-based grid (84 - 91) should equal the figure in the corresponding grid above (76 - 83).

(CDS I-1). Please report number of instructional faculty members in each category for Fall 2013. Include faculty who are on your institution's payroll on the census date your institution uses for IPEDS/AAUP. Fall 2012 data is provided for your reference.

The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part-time definitions are not used by AAUP). Instructional faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate level students. Do not count undergraduate or graduate student teaching assistants as faculty.

Undergraduate Class Size (CDS I-3): In the table below, please use the following definitions to report information about the size of class sections offered in the Fall 2013 term. Fall 2012 data provided for your reference.

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

Only five majors can be entered. For more information on CIP 2010, visit http://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55. Last year's information (2012 graduates) is included for your reference.

Majors and Minors offered

Note: Please use CIP 2010 codes in answering questions 313 and 314. When reporting majors in question 313 below, please do not list majors in conjunction with a concentration, emphasis, minor, or subject area. Concentrations, etc., may be reported in question 314.

In the box underneath the "Majors available" header, click on a CIP code to highlight the major category. This will open another box directly below which lists the sub-categories of majors (CIP codes with up to 4 digits to the right of the decimal place). The sub-categories are arranged by ascending CIP code number. Once you've highlighted a major (you may click and drag your mouse to highlight multiple selections), click on the right arrow in the middle column, which will move your selection to the "Majors offered" column. To undo a selection, highlight the CIP code in the "Majors offered" column and click on the left arrow. The "view only" section will only display the CIP code, not its full description.
