The Math Department would like to add a section to its website highlighting math alumni. This is helpful to prospective students who want to know what our students do after graduation. Will you allow us to include you with a link to your homepage? YES ☐ NO ☐

Have you pursued formal education since graduating from Kenyon? YES ☐ NO ☐

Are you currently enrolled in a post-baccalaureate degree program?

YES ☐ Degree sought: __________________________ Institution: __________________________

NO ☐

Have you completed a post-baccalaureate degree program?

YES ☐ Degree(s): __________________________ Institution: __________________________

NO ☐

Current Occupation: __________________________ Job Title: __________________________

   Occupation Description: __________________________

   Employer Name and Address: __________________________

Previous Occupation: __________________________ Job Title: __________________________

   Occupation Description: __________________________

Which math course(s) have you found to be most helpful in preparing you for your current career?

_________________________________________________________________________________________________

What (if any) math software do you use in your current career?

_________________________________________________________________________________________________

Did you find the senior exercise in mathematics to be a valuable experience?

_________________________________________________________________________________________________
What Kenyon mathematical experience (or experiences) have you found to be most valuable to you? Elaborate briefly about how it has helped you.

__________________________________________________________________________________________________________________________________________________________

How would you rate the quality of the mathematics education you received at Kenyon, in comparison with the education co-workers or fellow graduate students (if you pursue a post-baccalaureate degree) received as undergraduates?

<table>
<thead>
<tr>
<th>IN COMPARISON WITH CO-WORKERS</th>
<th>IN COMPARISON WITH GRADUATE STUDENTS</th>
</tr>
</thead>
<tbody>
<tr>
<td>[ ] POORER THAN MOST</td>
<td>[ ] POORER THAN MOST</td>

<tr>
<td>[ ] ABOUT THE SAME</td>
<td>[ ] ABOUT THE SAME</td>
</tr>
<tr>
<td>[ ] BETTER THAN MOST</td>
<td>[ ] BETTER THAN MOST</td>
</tr>
</tbody>
</table>

In the space below or on additional pages, please feel free to add any reflections you may have on the nature of your mathematics education at Kenyon, and the ways in which it has informed and influenced your career. We would also welcome your curriculum vitae if you have one.

Thank you for your time!
