What Students Pay

□

In this section, you will provide information on the financial aspects of attending your institution - both currently and over time. Note that you may choose to enter a detailed breakdown of tuition and fees, or just a description and explanation of your comprehensive fee.

□

Please select how you would like to report your Price of Attendance Data.

We wish to itemize our price of attendance data

-

Estimated "other expenses" for a typical full-time undergraduate resident student for academic year 2008-09. "Other expenses" include the average costs for clothing, laundry, entertainment, medical (if not a required fee), and furnishings:

-

Estimated "transportation" expenses for a typical full-time undergraduate resident student for academic year 2008-09. For "Transportation" expenses assume two round trips to student's hometown per year for students in institutional housing:

-

Estimated "books and supplies" expenses for a typical full-time undergraduate resident student for academic year 2008-09. Use the average cost of books and supplies. Do not include unusual costs for special groups of students (e.g., engineering or art majors), unless they constitute the majority of students at your institution:

-

Estimated "room and board" charges for a typical full-time undergraduate resident student for academic year 2008-09.

Assume double occupancy in institutional housing and 19 meals per week (or the maximum meal plan):

Estimated "tuition and fees" charges for a typical full-time undergraduate resident student for academic year 2008-09. This figure should represent typical tuition for a full-time undergraduate student for the full academic year (generally September to June) plus required fees or those charges that all full-time students must pay that are not included in tuition (for example, registration, health, or activity fees). Optional fees such as parking and laboratory use should not be included:

We wish to provide a narrative, describing our comprehensive fee. (The following text will appear below the "Tuition and Fees History" graphics on your profile: "This is a comprehensive fee. See 'Price of Attendance' text for more information.")

Would you like to enter Percent of Freshmen Receiving Aid by Type Data: Yes No

Who receive federal grants. These monies include Pell Grants and Supplemental Educational Opportunity Grants made by the U.S. Department of Education as well as need-based and merit-based educational assistance funds and training vouchers from other federal agencies:

Who receive state/local grants. These monies include grants provided by the state to the institution through the LEAP program as well as state merit scholarships and tuition and fee waivers. Local grants are any local government grants, scholarship, or gift-aid awarded directly to the student:

-

Who receive institutional grants. These monies include scholarships and fellowships funded by the institution and/or individual departments. Also included are tuition and fee waivers and athletic scholarships from the institution:

-

Who receive student loans. These monies include subsidized and unsubsidized loans made directly to the student, including Perkins Loans. Also included are institutionally- and privately-sponsored loans for which the student is the designated borrower and funds go through the institution. PLUS and other loans for which the parent is the designated borrower are excluded:

Would you like to enter 2007 Average Net Tuition for Aided Undergraduates:

Yes
No

-

Please provide the number that results from subtracting the average grant amount provided to full-time aided undergraduate students in the 2007-08, academic year from the tuition and fees for this institution in the 2007-08 academic year. The average grant amount should include monies from all sources including: need-based and non-need based federal, state, and institutional scholarships and grants, scholarships and grants from external sources (e.g., Kiwanis, National Merit) and need-based and nonneed- based tuition wavers and

athletic awards. Do not include self-help monies (parents loan, student loans from all sources, federal work-study or state and institutional work-study/employment):

About Our Faculty

This section covers demographic information on your faculty, as well as class-size data.

Would you like to provide Student/Faculty Ratio Data? Yes No

Please provide the Fall 2007 student-to-faculty ratio (faculty will remain "1"). This ratio is full-time equivalent students (full-time plus 1/3 part-time) to full-time equivalent instructional faculty (full-time plus 1/3 part-time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate level students. Do not count undergraduate or graduate student teaching assistants as faculty.

Would you like to provide Full-time Faculty with the Highest Degree Data? Yes No

-
Please enter the amount of full-time instructional faculty in the fall of 2007 who held a doctorate, first professional, or other terminal degree. Instructional faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with release time for research:
