## AICUO Annual Survey, Fall 2014, Part I: New Transfer Students and Degrees Earned

### 2. Undergraduate Transfer Origination, Fall 2014

Please provide a breakdown of all undergraduates transferring to your institution in Fall 2014 by type of originating institution and amount of transfer credit they bring to your institution. In cases where a student brings transfer credit from more than one institution, please use the last institution the student attended to identify originating institution.

Credit experience:

1 year or less = 1 to 30 semester hours, or 1 to 45 quarter hours

More than 1 up to 2 years = 31 to 60 semester hours, or 46 to 90 quarter hours

More than 2 years = 60 or more semester hours, or 90 or more quarter hours

## AICUO Annual Survey, Fall 2014, Part I: New Transfer Students and Degrees Earned

### 3. Bachelor's Degrees Earned by Transfers In, 2013-14

A continuing policy issue is one of the state's higher education goals: increasing the number of students who start their education at community colleges and transfer to a 4-year campus to earn a bachelor's degree, or who return to college -- frequently not where they started -- after a period of time to finish a degree. This data will help inform state policymakers of the major role that independent colleges play in degree completion programs. We are getting comparative data from the state about transfers who become bachelor's degree holders.

Please enter the number of bachelor's recipients in 2013-14 who transferred credit in from other colleges or universities to complete their degrees. Please use the most recent institution they attended before yours, if they attended more than one, but count credits from all other colleges that were incorporated into their degrees.

#### 1-15 semester or 1-22 quarter credits

A. Ohio 2-Year Public	<input type="text" value="0"/>
B. Ohio 4-Year Public	<input type="text" value="0"/>
