LIFE at KENYON
YOUR GUIDE TO ORIENTATION 2010
The schedule in this booklet gives the times and locations for Orientation events. Numerals in parentheses refer to the map on the inside back cover. Required events are highlighted in gold; however, we strongly encourage you to attend the other events, too.

Your wrist band will serve as your meal ticket for all meals before Tuesday lunch and should be worn at all times during Orientation.
Greetings, Class of 2014 and transfer students! The next few days of Orientation will be filled with informative sessions and engaging activities aimed at helping you learn what to expect during your college career at Kenyon. We commit ourselves to a partnership with you as you grow and develop to your full potential as a Kenyon student. Enjoy this time. And remember: you are not alone. Give us a call or visit us anytime.

An Orientation favorite, Real World focuses on the lives of Kenyon students and the fun, exciting, and sometimes difficult situations we all encounter during the course of the year. **Tip: Focus on wellness**

**Stay active.** Kenyon offers some amazing opportunities to stay fit and healthy. Visit the KAC, sign up for an intramural or club sport, bike or run on the Kokosing Gap Trail, or hike at the BFEC!

**Get some sleep!** Lack of sleep doesn’t just mean trouble paying attention in class or accidental naps during study time—it also affects you emotionally. Lack of sleep can aggravate depression or homesickness and tends to make you irritable, so get the sleep you need!

**Know your limits.** Set a schedule for work and study—and really stick to it—but don’t forget to give your mind a break. Know when your mind is most active, and set your work time within those hours. When you start to wear out, know when to take a break!

---

**Tip: Diversify your Kenyon experience**

**Get involved.** Kenyon has over 150 registered student clubs and organizations. The activities fair (Saturday, September 4) is a don’t-miss event and a great opportunity to find your niche at Kenyon.

**Immerse yourself in the community.** Kenyon is surrounded by a rich local culture, and there are always opportunities to get involved. Visit one of the local farms, or even help harvest a crop! Purchase food from the Mount Vernon farmers’ market on Saturday mornings, and you’ll meet new friends at the same time. Later in the fall, pick apples with friends at a local orchard. Glen Hill Orchard is located just two miles from campus on Glen Road.

**Tired of Peirce food?** Want to go out for a meal? Look at the different options in Mount Vernon and the Knox County area. Visit www.visitknoxohio.org for some great restaurant suggestions!

**Visit the environmental center.** Just a short walk down the hill and across Route 229, the Brown Family Environmental Center has several stunning gardens as well as a network of hiking trails. Use the BFEC to get better acquainted with the area, or just to go exploring!

Placement examinations and questionnaires are administered for the purpose of assisting you in selecting the appropriate courses given your background and experience. They are not meant to create unnecessary anxiety for you, so relax and approach them in the spirit in which they are intended. Placement examinations are given according to the published schedule on Monday, August 23.

Modern and ancient languages: Proficiency/placement examinations in French, German, Latin, and Spanish will be given on Monday, August 23. All students who have studied French, German, or Spanish must take the exam unless they have received a score of 3, 4, or 5 on the Advanced Placement (AP) exam, or a score of at least 540 on the SAT II exam. If you do not have prior experience with the language you wish to study, you do not need to take the proficiency/placement exam. Simply enroll in the introductory course for that language. Students wishing to demonstrate proficiency in a language other than French, German, or Spanish should contact the chair of the Department of Modern Languages and Literatures. Students with questions regarding Latin should consult with the Carolin Hahnemann, chair of the Department of Classics, or come to the Latin placement test on Monday, August 23 at 8:00 a.m.

Chemistry: All students who plan to take a chemistry course during their first year should take the readiness exam during orientation week by Monday, August 23. The exam is available online at http://chemistry.kenyon.edu and can be taken any time after you have received your Kenyon network ID.

Mathematics: If you are not certain whether you are prepared to take mathematics at Kenyon, there is a math readiness exam on Monday, August 23, from 4:00 to 5:30 p.m., in Higley Auditorium. This exam is self-graded, and there will be mathematics faculty available at the exam site to help you interpret your score.

If you have never taken any calculus and are uncertain whether you have the precalculus background needed to begin in Calculus A, you might consider taking the calculus readiness exam.

If you have taken some calculus but do not have an AP or IB exam score which reflects your experience, you should take the calculus placement exam. Please note: If you have AP or IB (or transfer) credit for calculus, you do not need to take this placement exam.

The math exams take place on Monday, August 23, at 4:00 p.m., at the following locations:
  - Math readiness examination: Higley Hall Auditorium
  - Calculus readiness: Higley Hall Auditorium
  - Calculus placement: Hayes Hall 109

Music: In order to take MUSC 121-122 (Music Theory), you must first take MUSC 101 (Basic Musicianship). If you have any experience in music theory, we invite you to take the music theory placement test on Monday, August 23 at 9:00 a.m. If you pass this exam, you may place out of MUSC 101 and we will recommend that you take MUSC 121-122.

In order to take other music theory courses or any music history courses numbered between 123 and 394, you must first take (or place out of) MUSC 101 and have taken MUSC 102 (Introduction to Musical Style) and any other course prerequisites. (MUSC 102 may be taken concurrently with MUSC 121 or 122.) MUSC 101 and MUSC 102 are open to everyone.

Note: If you are planning to take individual music lessons or participate in a department ensemble, you need not take the placement test or MUSC 101/MUSC 102.

Biology: Scores of 4 and 5 on the Advanced Placement test receive 0.5 units of credit. Students with AP 5 receive credit for BIOL 115 and the department recommends beginning with BIOL 116. Those with AP 3 or 4 should start with BIOL 115. Students who have not taken the Advanced Placement course in biology but believe they have had an equivalent course should consult with the Biology Department chair, Karen Hicks.

Other departments: Information about placement for courses in other departments and programs will be presented at the Academic Department Fair on Monday, August 23, as listed in this booklet. Feel free to attend various presentations or to visit the different academic program tables, collect information, and have your specific questions answered.
